

Contract Surveyor | Frankfurt

Contract Surveyor | Frankfurt

- International market-leading construction organisation with major operations across Europe
- Excellent package with strong career development opportunities
- Large-scale projects including Data Centres, Pharmaceutical Facilities, and Industrial Developments

About Oradeo

Oradeo is an international recruitment and project services consultancy specialising in mission-critical and large-scale construction projects across Europe. We partner with global blue-chip clients and tier-one contractors to provide expert talent, commercial support, and project delivery solutions.

Due to continued project expansion in Germany, we are seeking experienced **Contract Surveyors** to join high-profile construction programmes in the Frankfurt region.

Role Overview

The Contract Surveyor will support the commercial management of major construction projects, assisting with valuations, subcontractor coordination, tender processes, and overall financial governance. This role provides the opportunity to work within a high-performing commercial team delivering complex, mission-critical facilities across the DACH region.

Key Responsibilities

Commercial Management & Reporting

- Prepare and submit monthly valuations in line with project requirements.
- Assist with daily commercial functions and support the wider project team.
- Help prepare and process tender packages for subcontractors and suppliers.
- Request and analyse quotes from subcontractors and vendors.

Financial & Contractual Oversight

- Develop a strong understanding of commercial and contractual strategies for the project.
- Support efficient delivery of all commercial aspects including cost control, procurement, and reporting.
- Assist senior commercial personnel in managing contracts, variations, and project documentation.

Candidate Requirements

Experience

- Relevant third-level degree (Quantity Surveying, Construction Economics, or similar).
- 5+ years' experience, ideally with a main contractor.
- Strong background in large-scale Construction or Civil Engineering projects; experience in Data Centres or Pharmaceutical projects is a significant advantage.

Professional Competencies

- Excellent interpersonal and communication skills.
 - Strong IT skills and familiarity with modern commercial systems and processes.
 - Ability to work effectively within a fast-paced project environment.
-

Package

- Competitive salary
 - Company vehicle or travel allowance
 - Relocation assistance where applicable
 - Laptop and phone provided
 - Pension, life insurance, and income protection
 - Continuous Professional Development (CPD)
 - Access to lifestyle and wellbeing benefits including Bike to Work, Employee Assistance Programme, and Sports & Social Club
-
