## CSA Project Manager | Netherlands

- Tier 1 International Main Contractor
- Hyperscale Data Centre Project
- Long-Term Opportunity with Market-Leading Package

Oradeo Recruitment is currently recruiting for a **CSA (Civil, Structural & Architectural) Project Manager** on behalf of a leading international main contractor delivering a major **data centre project in the Netherlands**. This is an excellent opportunity for a skilled professional to lead the delivery of complex CSA packages on a large-scale, mission-critical build.

### Role Overview:

As CSA Project Manager, you will take full responsibility for the successful planning, coordination, and execution of all civil, structural, and architectural works. You will oversee subcontractor performance, drive construction programme targets, and ensure compliance with safety, quality, and contractual requirements. Working closely with the wider project leadership team, you will play a key role in ensuring delivery excellence in a highly technical and fast-paced environment.

## **Key Responsibilities:**

- Manage the full CSA package from site mobilisation through to commissioning and handover
- Lead subcontractor coordination and ensure compliance with project specifications and safety standards
- Monitor progress against programme milestones and proactively resolve issues and delays
- Chair regular site and coordination meetings with subcontractors, consultants, and internal stakeholders
- Review and approve technical submittals, RFIs, and method statements
- Work closely with the planning and commercial teams to manage budgets, variations, and claims
- Ensure adherence to quality assurance procedures and regulatory standards
- Maintain strong communication and working relationships with client representatives and design teams

## **Requirements:**

- Degree qualified in Civil Engineering, Construction Management, or related discipline
- 8+ years' experience in a similar role, ideally on large-scale industrial, data centre, or infrastructure projects
- Proven track record of managing CSA packages from start to finish with Tier 1 contractors
- Strong knowledge of modern construction methodologies and safety standards
- Ability to lead teams in a high-pressure, schedule-driven environment

- Excellent organisational and communication skills
- EU passport or unrestricted right to work in the Netherlands highly preferred

### **How to Apply:**

To apply in confidence or learn more, please submit your CV to **recruitment@oradeo.com**

### **About Oradeo:**

Oradeo Recruitment is a specialist provider of staffing and recruitment services to the construction and engineering sectors.
