## Electrical Lead | Sweden

- Tier 1 Main Contractor with Strong Pipeline
- High-Profile Building & Mission-Critical Projects
- Excellent Package & Senior Leadership Role

Oradeo Recruitment is currently seeking an experienced **Electrical Lead** for a high-profile data centre project in **Sweden**. This is a critical leadership role with a top-tier international contractor, offering excellent long-term career prospects across Europe.

## Key Responsibilities

- Lead the on-site electrical team, ensuring delivery of all electrical systems to specification, budget, and schedule
- Oversee subcontractor management, coordination, and performance to ensure quality and compliance

- Act as the primary electrical point of contact for the client and internal stakeholders
- Review and approve technical submittals, drawings, and documentation
- Ensure strict adherence to safety, quality, and regulatory standards across all site operations
- Drive the commissioning process and handover of electrical systems
- Mentor junior engineers and promote a collaborative, high-performance team culture
- Coordinate with other disciplines to avoid clashes and ensure smooth project execution

## **Requirements**

- Degree qualified in Electrical Engineering or similar
- 7+ years' experience on large-scale construction projects, ideally in data centres or high-tech environments
- Proven track record in managing electrical teams and subcontractors on complex builds
- Excellent knowledge of MV/LV systems, UPS, generators, BMS, and fire systems
- Strong leadership, communication, and client-facing skills
- Familiarity with international codes and standards (e.g., IEC, EN)
- Right to work in the EU and willingness to be based in Sweden long term

## **What's on Offer**

- Attractive salary or day rate (depending on experience)
- Full expat package: Flights, accommodation, local transport, and living

allowance

- Long-term European project pipeline
- Senior leadership role with a Tier 1 contractor
- Opportunities for development and progression across multiple regions

## How to Apply

Apply directly via our website or send your CV in confidence to **recruitment@oradeo.com** about **Oradeo**

Oradeo is a specialist recruitment partner to Europe's leading construction and engineering companies. We support major projects across **Data Centres, Life Sciences, Commercial, and Infrastructure**—delivering skilled professionals across Ireland, the UK, and mainland Europe.
