[Estimator | Dublin \(fit-out and building\)](#)

[Estimator | Dublin \(market leading fit-out and building contractor\)](#)

- **International market leading general contractor with significant annual turnover**
- **Excellent career advancement opportunities**
- **Prestigious Projects across the region within commercial, industrial, mission critical etc.**

Outstanding opportunity for an ambitious, career orientated **Estimator** to join an international market leading fit-out and building contractor based in the Leinster area leading on a number of large projects in-excess of €20 million

The successful candidate will be involved in tendering on a range of projects throughout Ireland, Europe and the UK for commercial, private and public entities. This is an exciting opportunity to be part of a dynamic and growing company. The successful applicant will be an experienced self-starter who has the capability to drive improvement across the company. The position is permanent and the successful candidate will be responsible for the implementation of various projects across Dublin.

### **Estimator's Duties & Responsibilities**

- Preparing and piecing together detailed tenders
- BoQs along with other information to win projects
- You will be involved in obtaining sub-contractor/supplier quotations and ensuring all quotes are above scrutiny and seeking further explanation if needed
- You will be required to remain current and up to date with changes within the industry and most importantly contractual changes

## **Necessary Requirements**

- Quantity Surveying degree or equivalent with a minimum of 5 years post qualification experience in an Estimating role
- Computer literate with experience in Microsoft suite and a Quantity Surveying software package.
- Effective listener: good at listening to requirements or problems without bias
- Team Player: Ability to work in a team environment
- Able to think beyond the boundaries
- Able to develop innovative and practical design solutions to technical problems when required
- Meticulous in approach to quality
- An excellent communicator with the ability to communicate effectively with technical and non-technical disciplines, both internal and external
- A keen and avid seeker of knowledge
- Positive in attitude towards the customer & colleagues
