Head of Operations | Europe | Electrical Contractor

- Excellent scope for career development
- Large prestigious projects for many well-known blue-chip clients in Europe area's within Data Centres

Oradeo Recruitment is presently seeking interest for an experienced **Head of Operations** with strong Building Services/Electrical Engineering background to work on projects in locations such as Germany and the Netherlands.

As **Head of Operations** coming from an engineering or building services background, you will join this growing company specialising in large-scale industrial developments. You will be taking responsibility for a multi-disciplinary team on a variety of large-scale construction projects across Europe, the role of Operations Manager involves project managing a range of projects across different countries, ensuring a focus on quality, health and safety and overseeing the design, installation and supply of electrical systems. The role involves extensive travel across Europe.

Duties & Responsibilities:

- Project management- overseeing contractual works, ensuring quality control and managing the day-to-day operations on site
- Liaising with Electrical and Cable pulling supervisors to set priorities and manage the personnel within each project
- Responsibility for health and safety of all subcontractors and of all visitors to all sites
- Managing the process of ordering and maintaining stock levels on each project
- Carrying out on-site inspections
- Onsite team co-ordination, including staff allocation
- Setting out weekly/monthly schedules for supervisors
- Defining the technical requirements, timescales, cost, resources and feasibility of projects
- Developing step-by-step project plans
- Leading a multi-disciplinary project team
- Negotiating with designers, engineers, contractors and suppliers
- Sharing regular progress reports with the client and stakeholders

Necessary skills and requirements:

- Level 6 – Fetac Electrical Qualification / trade cert coupled with a minimum of 5 years Site Management experience (large job experience)
- Proven ability to manage multi-disciplinary teams on large-scale projects
- Excellent IT, communication and organisational skills
- Prior experience in electrical estimating
- Good presentation and general management skills
- The ability to multi-task and take an overview on a large number of projects at any time

For more information about this Head of Operations position or other opportunities, contact Declan Duggan at Oradeo Recruitment confidentially on +353 1 687 7188 / +44 845 643 4964 or apply in confidence.
