## Health and Safety Advisor | Europe

- Large international market leading main contractor
- Excellent package and career development prospects
- Large prestigious projects

Oradeo Recruitment is currently recruiting a **Health and Safety Advisor** based in Europe for a market leading Mechanical & Electrical contractor. This is an excellent opportunity for an individual to be heavily involved in blue-chip, prestige projects such as data centres, pharmaceutical labs, heavy industry, utilities & power generation etc.

**Oradeo Recruitment's** client is an International Mechanical and Electrical Company which has gained significant experience across a wide section of construction sectors including commercial, industrial, data centre, pharmaceutical or power generation on both public and private tenders/projects.

This is an exciting opportunity to be part of a dynamic and growing company. As a **Health and Safety Advisor** coming from an engineering or building services background you will join this growing multi-disciplined engineering design and construction team. You will play a key role in supporting the on-

site operations to towards the successful completion of projects in a safety, time and profitable manner.

**Role and Responsibilities:**

- Develop, monitor, implement and audit Health and Safety procedures/policies in business
- Update and maintain Health and Safety procedures and the organisation's Safety Statement in compliance with Regulatory requirements
- Carry out risk assessments and ensure risks are reduced
- Keep record of incidents and accidents and produce statistics for senior management
- Keep up to date on new legislation and maintain a working knowledge of all Health and Safety Authority (HSA) legislation and any developments effecting the industry
- Provide Training; Induction, Refresher and Manual Handling Training as required
- Represent the Company during outside Agency Audits/Inspections and liaise as required with the Health & Safety Authority
- Co-Ordinate the Health and Safety committee for all sites and ensure regular monthly meetings
- Improve the health and safety culture, through training and awareness campaigns
- Deal with any ad-hoc duties that may arise

**Necessary skills and requirements:**

- Third Level education in Health and Safety or related discipline is required
- A minimum of 5 years Health and Safety experience with mechanical/electrical contractors
- Prior experience on projects in one of more of the following sectors; data centre, power generation, pharmaceutical, industrial
- Environmental Health & Safety (ISO 14001) would advantageous.
- Highly motivated and meticulous in attention to professional standards
- Ability to work in a team environment and can engage, motivate and work with people
- Excellent organisational and co-ordination skills
- Good communication skills
- Knowledgeable in Excel, Microsoft Word and Microsoft Windows Operating System

**For more information about this Health and Safety Advisor role or other Health and Safety role's, contact Eavan McCallig at Oradeo Recruitment confidentially on +353 1 687 7188 / +353 86 385 1651 or apply in confidence.**
