Health and Safety Advisor – Dublin & Cork Region

- **Top 5 main Irish building contractor**
- **Excellent package with additional benefits and opportunities for career progression**
- **Dublin & Cork Region based on a Large Project**

Health and Safety Advisor required for a leading main Irish building contractor based in the Dublin & the Cork Region working on large scale projects and supporting project team in the implementation of world class safety standards. The **Health and Safety Advisor** will be responsible for developing and maintaining safety procedures, preparing method statements, conducting risk assessment and carrying out site inspections and corrective measures.

This is an excellent opportunity to be part of a growing organisation and the successful candidate will receive an excellent remuneration package and a clear scope for career progression throughout the organisation.

Duties and responsibilities:

- Lead by example
- Provide sound and industry leading advise to project stakeholders
- Carry out audits/inspections of Sisk workplaces at a frequency and with the intrusiveness as coached by the BU HSE Manager
- Attend sites following accidents/incidents and assist with the investigation. In the absence of the Project Director or HSE Manager lead the investigation

- Liaise with enforcement authorities if they attend site to investigate following an incident
- Assist the HSE Manager in preparation of a Health and Safety report for the BU MD at applicable internal
- Alert the HSE Manager if there is reason to believe there will be a period of inadequate cover for Health and Safety
- In the absence of the HSE Manager assist tender and prequalification teams where requested advising on Health and Safety concerns as well as helping provide practical solutions
- Attend Start Up meetings with your line manager and Sisk site teams. Where requested attend supply chain meetings
- Deliver appropriate training
- Be aware of critical legislative changes and best practices to enable the provision of competent Health and Safety advice to the site stakeholders
- Be aware of own limitations and ensure advice given remains within those limitations

Necessary skills and requirements:

- NEBOSH Construction Certificate or equivalent
- NVQ Level 4 / EFQ L3 on Occupational Health and Safety or Equivalent
- Temporary Works
- Internal Auditor
- Local PD / CDM & PSDP / PSCS training
- Awareness of lifting operations BS 7121/IS361
- Temp Works Awareness including knowledge of TWC role
- Incident Investigation Training
- Tech IOSH (*)
- At least 3 years in construction industry
- At least 3 years as a Health and Safety professional
- Time Management
- Organisation Skills
- Interpersonal and engagement skills
- Understand performance management
