### [Health & Safety Manager | Denmark](#)

#### **Health & Safety Manager | Denmark**

Oradeo is currently recruiting a Health and Safety Manager with solid previous experience working for a main contractor/Consultancy. The successful candidate will be working for one of the leading international specialists in construction, infrastructure, fit-out and asset management.

This is an exciting opportunity to be part of a dynamic and growing company. The successful applicant will be an experienced self-starter who has the capability to operate and maintain the ISO systems and drive improvement across each project/region.

The position is permanent and the successful candidate will be responsible for the implementation of SHE for a large data centre project in Denmark. You will play a key role in supporting the on-site operations to towards the successful completion of projects in a safety, time and profitable manner.

#### **Duties & Responsibilities:**

- Develop, monitor, implement and audit Health and Safety procedures/policies in business
- Update and maintain Health and Safety procedures and the Organisation's Safety Statement in compliance with Regulatory requirements
- Carry out risk assessments and ensure risks are reduced
- Keep record of incidents and accidents and produce statistics for senior management

- Keep up to date on new legislation and maintain a working knowledge of all Health and Safety Authority (HSA) legislation and any developments effecting the Industry
- Provide Training; Induction, Refresher and Manual Handling Training as required
- Represent the Company during outside Agency Audits/Inspections and liaise as required with the Health & Safety Authority
- Co-Ordinate the Health and Safety committee for all sites and ensure regular monthly meetings
- Improve the health and safety culture, through training and awareness campaigns
- Deal with any ad-hoc duties that may arise

**Necessary Requirements:**

- A Degree in occupational Health & Safety/NEBOSH desirable but not essential.
- No less than 8+ years of professional experience with main contractors/Consultancies.
- A proven track record in Data Centre, Pharmaceutical or Industrial projects is advantageous.
- Must be comfortable in carrying out training, risk-assessments and other Health & Safes reports.
- Excellent written and oral communication skills with emphasis on ability to provide and explain reports accurately.
- Excellent organisation and time management skills and ability to manage multiple priorities.
- Up to date with Legislation, Guidance, Advice & Compliance.
- Proactive in identifying positive & negative acts, ability to follow through with realistic corrective & preventive actions
