Health & Safety Officer | Denmark | 3 Month Contract

- **Leading Contractor with significant annual turnover (€150M+)**
- **Working on prestigious projects – Data Centre, Pharmaceutical etc.**

Oradeo Recruitment is currently recruiting a **Health & Safety Officer** to be based in Denmark for a market leading contractor. This is an excellent opportunity for an individual to be heavily involved in blue-chip, prestige projects such as data centres, pharmaceutical labs, heavy industry, utilities & power generation etc. The contract is initially for 3 months, however, this could lead to longer term work.

Oradeo Recruitment's client is an International Company which has gained significant experience across a wide section of construction sectors including commercial, industrial, data centre, pharmaceutical or power generation on both public and private tenders/projects.

This is an exciting opportunity to be part of a dynamic and growing company.

As a **Health & Safety Officer** coming from an engineering or building services background you will join this growing multi-disciplined engineering design and construction team. You will play a key role in supporting the on-site operations towards the successful completion of projects in a safety, time and profitable manner. In return, you the **Health & Safety Officer** will receive professional and personal development opportunities to help you become a future leader within the organisation.

Overview of responsibilities:

- Develop, monitor, implement and audit Health and Safety procedures/policies in business
- Update and maintain Health and Safety procedures and the Organisation's Safety Statement in compliance with Regulatory requirements
- Carry out risk assessments and ensure risks are reduced
- Keep record of incidents and accidents and produce statistics for senior management
- Keep up to date on new legislation and maintain a working knowledge of all Health and Safety Authority (HSA) legislation and any developments effecting the Industry
- Provide Training; Induction, Refresher and Manual Handling Training as required
- Represent the Company during outside Agency Audits/Inspections and liaise as required with the Health & Safety Authority
- Co-Ordinate the Health and Safety committee for all sites and ensure regular monthly meetings
- Improve the health and safety culture, through training and awareness campaigns
- Deal with any ad-hoc duties that may arise

Necessary skills and requirements:

- Third Level education in Health and Safety or related discipline is required
- 2-5 years Health and Safety experience with main contractors
- Prior experience essential on projects in one of more of the following sectors; data centre or pharmaceutical
- Environmental Health & Safety (ISO 14001) would advantageous

For more information about this Health & Safety Officer role or other Health and Safety roles, contact Declan Duggan at Oradeo Recruitment confidentially on +353 1 687 7188 / +44 845 643 4964 or apply in confidence.
