Junior Electrical Engineer | Netherlands

- Large international market leading main contractor
- Excellent package and career development prospects
- Large prestigious projects

Oradeo recruitment is currently recruiting for an **Junior Electrical Engineer** to work with a market leading contractor based in the Netherlands on a permanent basis working on large and prestigious projects.

Duties and Responsibilities:

- Prepare technical submittals
- Scheduling and tracking of the project
- Working with 3D drawing models
- Contributing to the design process
- Co-ordination of installation.
- Ability to think outside the core Electrical discipline and integrate a multi-disciplinary approach into holistic coordinated solutions.
- Good planning, organisational and time management skills.
- Attend meetings and communicate with clients and project team members to

establish their needs.

- Preparation of specifications and drawings for predominantly electrical systems.

Necessary Requirements:

- 3rd level qualification in Building Services or Electrical Engineering or equivalent
- Minimum of 1 year's previous experience in a similar Electrical Engineer position
- Experience in data centre, pharmaceutical or industrial sectors in excess of €15 million would be advantageous
- Good knowledge & experience of using Revit/BIM
- Excellent time management skills and the ability to meet tight deadlines
- Self-motivating, and the ability to work well as part of a team
- Excellent communication and interpersonal skills
- Strong operational skills and an attention to detail
- Ability to work under pressure and anticipate any problems
