Junior Quality Engineer | Netherlands

—

- **Leading Civil Engineering Firm**
- **Prestigious Data Centre project**
- **Outstanding Career Growth Potential**

Oradeo Recruitment currently have an outstanding opportunity to join a leading civil engineering company as a **Junior Quality Engineer** for a project in Watford. Leverage your existing experience on large civil engineering projects and join an industry thoroughbred with a strong pipeline of projects.

It is vital that the successful candidate can demonstrate a pragmatic and proactive approach to problem solving and an ability to liaise with site management and client's representatives as appropriate.

The role includes:

- The development and implementation of the Project Quality Plan
- Development of Inspection & Test Plans in conjunction with Site Engineers
- Ensuring implementation of I&T Plans and production of Quality Records
- Management and Coordination of testing

- Calibration/control of site instruments
- Preparation of testing summary reports for client
- Manage and Co-ordinate the production of handover documentation to the client

Essential Experience / Skills

- Construction background and experience
- Experience in a similar role in a construction company, ideally civil engineering.
- Experience and knowledge of the structures of EN ISO 9001:2008:2015
- Strong IT Skills
- Ability to produce clear and concise documentation
- Demonstrate self-motivation and progressive attitude and approach
- Ability to work as part of the overall management team.

Essential Qualifications

- Third level qualification in a construction discipline – engineering, construction management, surveying or similar

For more information about this Junior Quality Engineer role or other positions, contact Declan Duggan at Oradeo Recruitment confidentially on +353 1 687 7188 / +44 845 643 4964 or apply in confidence.
