

Logistics Manager Holland.

The graphic features a central illustration of a man in a dark suit and red tie, wearing a headset and holding a tablet. He is surrounded by various logistics-related icons: an airplane, a train, a ship, a truck, a forklift, a warehouse, and a cardboard box. The background is a teal color with a grid of dashed lines and circular icons. The word 'LOGISTICS' is written in large, light blue letters at the bottom of the illustration. The entire graphic is set against an orange background.

Logistics Manager | Holland

- **International market leading Construction Company with significant annual turnover**
- **Excellent package with scope for further career development**
- **Large prestigious projects; Data Centres, Pharmaceutical Facilities, Industrial developments etc.**

Oradeo Recruitment is currently recruiting a **Logistics Manager** on a permanent basis to work on an exciting project in Holland with a Market Leading Contractor.

Working in conjunction with the Logistics Coordinator, you will be responsible for all aspects of the stores management, development and optimisation of site logistics solutions to meet the needs of the project, supervision & on boarding of working crews etc. The successful candidate will be required to manage the movement of people, goods and equipment at the construction site and control site facilities management. They must be a self-starter with the initiative and skills to manage his/her workload to meet necessary deadlines. Excellent time management, prioritising and communications skills are essential.

Logistics Manager Responsibilities:

- Coordinate and Supervise installation which is being installed by subcontractors
- Ensure the adherence to safety and quality standards
- Ensure project meets programme deadlines with deliveries
- Record variations and deliveries
- Complete material requisitions, if required
- Attend site meetings
- Liaise and coordinate with other contractors on site
- Maintain good working relationship between main contractor, client and subcontractors
- Any ad hoc duties required for the successful completion of the project
- Maintain site diary
- Manage plant and machinery movement
- Deliveries scheduled and tracked.
- Monitor and follow up on Material orders and receipt verification
- Plant and Hire management

Necessary Requirements:

- A trade background with a third level qualification or relevant experience
- Proven record of co-ordinating and managing large projects
- A minimum of 3 years as a Logistics Manager
- Excellent communication skills
- Ability to work well under pressure and within a strict deadline environment
- Ability to drive a large scale project
- A construction or engineering background

For more information about this Logistics Manager opportunity or other Logistics Manager / Coordinator roles, contact Eavan McCallig confidentially on +353 1 687 7188/+44 845 643 4964 or apply in confidence.
