

# M&E Quantity Surveyor | Dublin

Oradeo Recruitment is seeking an **M&E Quantity Surveyor** to join a leading international contractor in Dublin. This role involves managing large-scale projects for high-profile clients in key sectors.

## Key Responsibilities

- Contract reviews, procurement, and compliance.
- Overseeing commercial management, reporting, and budgeting.
- Ensuring projects meet contractual and scheduling requirements.
- Cost control, cash flow management, and subcontractor account management.
- Providing commercial assurance and risk mitigation throughout project lifecycles.

## Requirements

- Degree in Quantity Surveying or Construction Economics.
- 8+ years' experience in M&E projects with contractors.
- Knowledge of Mechanical or Electrical Engineering preferred.
- Experience with large-scale industrial, pharmaceutical, or data centre projects (€20M+).
- Strong operational, negotiation, and written communication skills.
