## Mechanical & Electrical Project Manager – Limerick/Kilkenny

- **Large Data Centres & Pharma Projects**
- **First-in-class Remuneration Package- Health, Pension, Bonus etc**
- **Career Development- Future Director Roles**

**Mechanical Project Manager-** Outstanding opportunity for ambitious Mechanical Project Manager to join one of Ireland and the UKs leading M&E Building Contractors to be based in either Limerick or Kilkenny. This company specialises in providing mechanical & electrical solutions to top tier, blue chip clients such as Google, Facebook, Glaxosmithkleine etc. With contract values in excess of €100million, you will get the opportunity to leverage your project manager skills on prestige builds across Dublin.

### **Duties and responsibilities:**

- The PM will be required to assist in the front end design planning and procurement with the project team
- Prepare the project programme, including the delivery strategy and ensure project milestones are achieved.
- Ensure smooth and timely flow of information between all parties to the contract.

- Endeavour to identify and predict potential bottlenecks and delays and action remedies
- Keeping the project stakeholders informed of progress, cost and any other relevant issues.
- Chair and minute project review meetings.
- Review project scope, and manage the budget and schedule.
- Participate in design reviews.
- Manage safety and quality aspects of the project in accordance with company procedures
- Submit requirements and justifications for resources such as materials, tools, equipment and manpower.
- Agree valuations and final accounts with contractors and sub-contractors.
- Review issues to drive continuous improvement

**Necessary skills and requirements:**

- Have a minimum of 5 years of experience, as a Project Management M+E, ideally mechanically bias
- Minimum Bachelor's Degree in Mechanical Engineering
- Have a proven track record of seeing projects through to their successful completion with degree of autonomy
