Project Engineer | Tier One Contractor | Dublin, Ireland

Project Engineer | Tier One Contractor | Dublin, Ireland

- Project Engineer opportunity with a leading international construction contractor.
- Work on major construction projects, including reinforced concrete frame, commercial and residential developments.
- Permanent position offering a competitive salary, company vehicle or travel allowance and an attractive benefits package.

Oradeo Recruitment is seeking an experienced Project Engineer for a leading construction contractor based in Dublin. The successful candidate will provide technical support to the Project Manager and wider project team, ensuring engineering activities are effectively coordinated and delivered in line with project specifications, quality standards and Health & Safety requirements.

Project Engineer Responsibilities:

- Support the Project Manager and wider project team by providing technical advice and engineering support throughout the project.
- Liaise daily with the project team, design team and subcontractors.
- Carry out technical verification of civil engineering designs, models and drawings.
- Implement quality assurance procedures, including concrete pre- and post-pour checks.
- Manage Requests for Information (RFIs) and assist in resolving technical issues.
- Assist in maintaining and monitoring safe working practices on site.
- Monitor and record materials, plant and site logistics.
- Maintain accurate site records and produce regular reports.

Necessary Skills & Requirements:

- Relevant third-level degree in Civil Engineering or a related discipline.
- Minimum of 7 years' experience in a similar Project Engineer role.
- Previous experience working with a main contractor.
- Previous project experience involving reinforced concrete frames, commercial and residential developments.
- Proficient in the use of GPS, robotic total stations and levelling equipment (essential).
- Excellent IT skills, including knowledge of AutoCAD, Revit, Navisworks and Microsoft Office.
- Strong technical, organisational and communication skills.
- Ability to work effectively as part of a wider project team and coordinate with multiple stakeholders.

Benefits:

- Competitive salary.
- Company vehicle or travel allowance.
- Relocation allowance, where applicable.
- Company laptop and mobile phone.
- Life insurance and income protection.
- Continuous Professional Development (CPD).
- Access to lifestyle benefits, including Bike to Work scheme, Employee Assistance Programme and Sports & Social Club.
