

Project Manager | Dublin, Ireland

Project Manager | Oradeo | Dublin, Ireland

- Lead high-profile projects across commercial, residential, fit-out, mission-critical, and industrial sectors
- Work with a Tier 1 contractor delivering complex projects for blue-chip clients
- Excellent package & career development opportunities

Oradeo's client, a leading construction and engineering contractor, is seeking an experienced **Project Manager** to join their Dublin team. This role offers the opportunity to manage projects from conception to completion, ensuring delivery to budget, programme, quality, and safety standards.

Key Duties & Responsibilities:

- Lead and manage all aspects of project delivery, from initial stages to handover
- Oversee project teams, subcontractors, and site personnel, fostering a high-performance culture
- Develop and update construction programmes, monitor progress, and report regularly to senior management
- Implement and uphold health, safety, and welfare practices on site
- Provide technical guidance, manage RFIs, submittals, and design coordination
- Liaise with clients, consultants, engineers, and regulatory authorities, maintaining strong relationships
- Monitor and control project costs, prelims, and packages to achieve commercial objectives
- Conduct quality control inspections to ensure construction meets expectations
- Plan and coordinate materials, plant, labour, and logistics with site and procurement teams

- Resolve technical and operational challenges efficiently while maintaining programme integrity

Candidate Requirements:

- Third-level qualification in Engineering, Construction Management, or related discipline
- Minimum 5–7 years' experience as a Project Manager or in a similar senior construction management role
- Experience managing medium to large-scale projects, including commercial, residential, fit-out, or mission-critical construction
- Strong technical, numeracy, and report-writing skills
- Proficiency in construction software: AutoCAD, MS Project, Revit, Navisworks, or equivalent
- Knowledge of Irish construction regulations, standards, and best practices
- Excellent communication, leadership, and stakeholder management abilities
- Ability to plan, problem-solve, and make informed decisions under pressure
- Commercially aware with the ability to propose cost-effective solutions

Package & Benefits:

- Competitive salary, car allowance or company vehicle, pension, life insurance, and healthcare
- Relocation support where applicable
- Company laptop and mobile phone
- Continuous Professional Development (CPD) and structured career progression

- Opportunities to progress to Senior Project Manager, Contracts Manager, Associate Director, or Projects Director roles
- Lifestyle benefits including Employee Assistance Programme (EAP), social and wellbeing initiatives
- Equal opportunities employer, committed to diversity and inclusion
