

Project Manager | Fit-Out Exp. | Frankfurt

Project Manager – Fit-Out (Germany)

Oradeo Recruitment is seeking an experienced **Project Manager** with a strong background in internal fit-outs to join a leading Tier 1 Main Contractor, based in Germany. This role offers the opportunity to work on prestigious large-scale projects across Europe, including pharmaceutical, industrial, commercial, and data center developments.

Key Responsibilities:

- Manage all aspects of project delivery, ensuring completion on time, within scope, and on budget.
 - Demonstrate strong commercial awareness and cost control expertise.
 - Set and track project milestones, ensuring adherence to construction plans.
 - Act as a key liaison between the company and external clients, addressing concerns and resolving issues effectively.
 - Direct and coach project staff, ensuring compliance with construction, contractual, and regulatory requirements.
 - Continuously improve operations, streamline processes, and enhance service quality.
 - Develop and present progress reports, troubleshoot issues, and ensure effective communication.
 - Foster strong business relationships to support project success.
 - Document lessons learned for ongoing staff and process development.
-

Requirements:

- Degree in Engineering, Construction Management, or Project Management, or equivalent experience.
- Mandatory **data center experience**.
- At least 7 years of construction experience, ideally with a Tier 1 contractor or specialist subcontractor.
