

# Senior Health & Safety Officer | Main Contractor | Dublin

Oradeo Recruitment is seeking a **Senior Health & Safety Officer** to join a top-tier contractor working on high-profile projects in Dublin.

## Role Overview

This position involves overseeing health and safety standards across multiple project sectors while working within an ISO-certified environment (ISO 9001, 14001, OHSAS 18001). You will collaborate closely with the Health and Safety Manager to drive compliance and foster a safety-first culture.

## Key Responsibilities

- Implement and uphold health and safety procedures on sites.
- Conduct site audits, risk assessments, and propose improvements.
- Update the Safety Statement to comply with regulations.
- Record and analyze incidents, providing insights to senior management.
- Deliver inductions, refresher training, and ensure compliance with HSA legislation.
- Represent the company during audits and external inspections.
- Attend regular site meetings and champion safety initiatives.

## Requirements

- Formal Health & Safety qualification (3rd Level preferred).
- Minimum of 6 years' experience in a Health & Safety role, ideally with a main contractor.
- Familiarity with ISO 9001, 14001, and OHSAS 18001 environments.
- Strong knowledge of safety regulations and a proactive approach to safety culture.
