

Senior Project Engineer | Leading Contractor | Dublin

Senior Project Engineer | Leading Contractor | Dublin

- High-profile commercial and residential projects in Dublin
- Work with a respected contractor with a strong track record of delivering complex developments
- Excellent package and career progression opportunities

Oradeo Recruitment are seeking an experienced Senior **Project Engineer** to join a leading contractor in Dublin, managing on-site operations and ensuring projects are delivered on time, within budget, and to high-quality and safety standards. This is a fantastic opportunity to work on **medium to large-scale developments**, where you can leverage your technical expertise, leadership, and problem-solving skills to make a real impact.

Senior Project Engineer Responsibilities:

- Proven experience working on large-scale Residential, High-Rise, Commercial or similar projects
- Strong background as an experienced construction professional within a main contracting environment
- Essential: Solid internal fit-out experience (clean room construction experience desirable but not essential)
- Thorough understanding of BCAR processes and QA/QC procedures
- Demonstrated experience liaising and coordinating effectively with Design Teams
- Strong organisational skills with the ability to manage multiple priorities
- Excellent communication and leadership capabilities

Necessary Skills & Requirements:

- Relevant third-level degree
- 8+ years' experience in a similar role
- Previous experience with a main contractor
- Project experience on RC frame, commercial and residential.
- Proficient in the use of GPS, robotic total stations, and levelling equipment (essential)
- Excellent IT skills, with knowledge of AutoCAD, Revit, Navisworks, and Microsoft Office
