Senior Site Engineer | Dublin

- Top European Construction Company turning with significant annual turnover
- Excellent remuneration package with generous benefits
- Great opportunity for career development

Oradeo Recruitment is presently seeking interest for an experienced **Senior Site Engineer** ideally with solid main contractor / specialist subcontractor experience to join one of Europe's leading Tier 1 Main Contractors in Dublin. As a **Senior Site Engineer** you will gain exposure to prestigious projects on large building/construction sites.

Become a **Senior Site Engineer** with a building contractor with an outstanding reputation in the market on large scale construction projects. This position would come with an excellent remuneration package and a clear path for career growth and development.

Duties & Responsibilities:

- The **Senior Site Engineer** will be tasked with setting out, levelling, and surveying the site
- Cradle to grave delivery of small works packages with all-encompassing roles and responsibilities including the coordination of the CSA scope of works with project BIM
- Checking plans, drawings, and quantities for accuracy of calculations
- Ensuring that all materials used, and work performed are as per specifications
- Managing, monitoring, and interpreting the contract design documents supplied by the client or architect
- Liaising with any consultants, subcontractors, supervisors, planners, quantity surveyors and the general workforce involved in the project
- Liaising with clients and their representatives (architects, engineers, and surveyors), including attending regular meetings to keep them informed of progress
- Planning the work and efficiently organising the plant and site facilities in order to meet agreed deadlines
- Resolving any unexpected technical difficulties / technical design queries (RFI's) and other problems that may arise
- Review and submit technical submittals along with overseeing H&S onsite
- Monitor and oversee quality assurance / installation onsite and to keep QA documents up to date including inspector reports

Necessary skills and requirements:

- 3rd level qualification in Construction Management/Engineering
- Minimum of 2-3 years' experience in Building Projects with a main contractor or specialist contractor acting as a **Site Engineer, Setting out Engineer, CSA Engineer or Project Engineer** within Europe
- Strong setting out experience
- Strong operational skills and an attention to detail
- Familiar with MS Office applications such as Word, PowerPoint, Excel, and Outlook
- Strong and effective communication and interpersonal skills
- Ability to work in a team or on own initiative, to perform multiple tasks at a high level of quality and to work well under pressure and within a strict deadline environment

For more information about this Senior Site Engineer role or other Site Engineer opportunities, contact Matthew Durkan at Oradeo Recruitment confidentially on +353 1 687 7188/+353 83 4717 631 or apply in confidence.
