[Site Engineer | Civils | Dublin & Kildare](#)

- **International market leading main contractor | Over €250 million turnover!**
- **Excellent Salary with plenty of generous benefits**
- **Clear scope to further develop the career into a commercial role in the future**
- **Prestigious Projects**

Our client is a leading building and civil engineering contractor with a long-standing reputation for integrity, professionalism, innovation and excellence. They are seeking a Site Engineer with at least 2-4 years main contractor experience and experience on Civil/Infrastructure projects to work in Dublin and Leinster.

Key Responsibilities:

- Setting out, levelling and surveying the site.
- Checking plans, drawings and quantities for accuracy of calculations.
- Ensuring that all materials used and work performed are as per specifications.
- Managing, monitoring and interpreting the contract design documents

supplied by the client or architect.

- Liaising with any consultants, subcontractors, supervisors, planners, quantity surveyors and the general workforce involved in the project
- Liaising with clients and their representatives (architects, engineers and surveyors), including attending regular meetings to keep them informed of progress.
- Planning the work and efficiently organizing the plant and site facilities in order to meet agreed deadlines.
- Overseeing quality control and health and safety matters on site.
- Resolving any unexpected technical difficulties and other problems that may arise.

Requirements

- Qualified in Civil Engineering or Building Management
- Strong operational skills and an attention to detail, and experience of the design build process

- Qualified in Construction Management/Engineering or similar
- 2+ years' experience as a Site Engineer on construction projects; ideally with main contractor on Civil/Infrastructure projects.
- Strong setting out experience- e.g. AutoCad, Theodolite, GPS etc
