## Site Engineer – Wexford

- **Top 5 Irish main building contractor**
- **Large multi-million euro prestigious projects.**
- **Outstanding Career Growth Potential**

**Site Engineer** – Opportunity to join one of Ireland's top 5 construction companies as a Site Engineer based permanently in Wexford. Leverage your experience to a top building contractor on commercial, industrial, residential, educational and healthcare projects across Wexford.

As a €200million+ turnover building contractor with prestige projects and excellent variation within the role, a Site Engineer for this company will develop and grow their engineering career by gaining new skills and experiences. This is a permanent opportunity.

### Duties and Responsibilities:

- Setting out, levelling and surveying the site.
- Checking plans, drawings and quantities for accuracy of calculations.
- Ensuring that all materials used and work performed are as per specifications.
- Managing, monitoring and interpreting the contract design documents supplied by the client or architect.
- Liaising with any consultants, subcontractors, supervisors, planners, quantity surveyors and the general workforce involved in the project
- Liaising with clients and their representatives (architects, engineers and surveyors), including attending regular meetings to keep them

informed of progress.

- Planning the work and efficiently organizing the plant and site facilities in order to meet agreed deadlines.
- Overseeing quality control and health and safety matters on site.
- Resolving any unexpected technical difficulties and other problems that may arise.

**Necessary skills and requirements:**

- Qualified in Construction Management/Engineering.
- 3+ years' experience as a Site Engineer in Building Projects with a main contractor.
- Strong setting out experience- e.g. AutoCad, Theodolite.
