

# Site Manager (Fit-Out) | Dublin

## Site Manager (Fit-Out) | Dublin City Centre

- Fit-Out projects in high-profile commercial and critical environments
- Competitive salary and benefits package
- Career development opportunities in Site Management and Project Leadership

### About Oradeo

Oradeo is an international recruitment and project services consultancy specialising in mission-critical construction projects across Europe. We work with global blue-chip clients and tier-one contractors to provide high-quality staffing, project support, and managed labour solutions.

We are recruiting an experienced **Site Manager (Fit-Out)** for projects in Dublin City Centre. This role involves leading on-site operations, managing subcontractors, and ensuring projects are delivered safely, on time, and to the highest quality standards.

### Role Overview

The Site Manager will oversee day-to-day site operations, ensuring that client expectations are met while maintaining safety, quality, and efficiency. The role is suited to candidates with Fit-Out experience and requires close collaboration with project management, commercial teams, subcontractors, and clients.

### Key Responsibilities

- Oversee site operations, ensuring work is completed safely, on schedule, and to quality standards.
- Ensure client expectations are met and maintain professional relationships with design teams and client representatives.
- Maintain high standards in health & safety, quality, and client service.
- Report project progress accurately and in a timely manner to Project Managers or Contracts Manager.

- Manage and coordinate subcontractors to ensure work meets the required standard with minimal rework.
- Plan, coordinate, and execute works in accordance with contract documents.
- Maintain excellent working relationships with the construction management team, subcontractors, and supply chain.
- Resource and schedule work in line with the project construction program.
- Work closely with the Project Quantity Surveyor to advise on commercial or contractual issues.

### **Candidate Requirements**

- Strong knowledge of construction industry processes and project execution.
- Experience in Fit-Out projects preferred.
- Computer literate, familiar with MS Office and project management/scheduling software.
- Proven ability to develop and maintain client relationships.
- Strong eye for finishes and track record of delivering projects on time.
- Excellent communication skills, both verbal and written.
- Self-starter with good judgment under pressure.
- Effective management and leadership skills, capable of motivating workforce.
- Commercially aware with knowledge of market trends and competitors.

### **Package**

- Competitive salary
- Pension and life assurance
- Healthcare benefits
- Car allowance or company vehicle
- Continuous Professional Development (CPD)

### **Career Path**

Opportunities for career growth within Site Management and Project Leadership for high-performing individuals.
