- Ensure all construction works are completed to the highest possible quality standards and in accordance with project specifications.
- Maintain full compliance with Health & Safety regulations, company policies and site procedures at all times.
- Coordinate and liaise with subcontractors and the wider supply chain to ensure the efficient delivery of site activities.
- Develop and maintain positive working relationships with subcontractors,

suppliers and the wider site team.
- Promote a collaborative and productive working environment across all site operations.

Necessary Skills & Requirements:

- Minimum of 7–10 years' experience in a Site Management role.
- Previous experience working with a main contractor is essential.
- Experience on large-scale commercial, residential or mixed-use development projects is highly advantageous.
- Third-level qualification in a construction-related discipline or a relevant trades background, with excellent knowledge of construction trades.
- Strong IT skills, including proficiency in Microsoft Office applications.
- Excellent delegation, leadership and organisational skills.
- Strong communication and interpersonal skills, with the ability to manage subcontractors and coordinate multidisciplinary teams.
- Ability to work effectively under pressure, prioritise workloads and meet project deadlines.
- Competitive salary.
- Company vehicle or travel allowance.
- Relocation allowance, where applicable.
- Company laptop and phone.
- Pension, life insurance and income protection.
- Continuous Professional Development (CPD) opportunities.
- Access to lifestyle benefits, including the Bike to Work scheme, Employee Assistance Programme and Sports & Social Club.
