Commissioning Manager / QAQC Manager | Dublin

Oradeo Recruitment is currently seeking interest for experienced Commissioning / QAQC Manager (Electrically biased) for a project based in Dublin. You will have the opportunity to build your career assisting in the delivery of 'leading edge' engineering projects and to work with a vibrant, agile and multi-functional team in delivering projects to quality, on time and to budget.

The successful candidate will be responsible for commissioning / QA/QC programme management for a confidential client within the data centre industry, and the overall commissioning operations within the organization.

Duties & Responsibilities:

- Develop the project execution plan for commissioning and handover
- Develop the commissioning strategy
- Provide schedule status of all commissioning activities
- Oversee the preparation of Commissioning Plan
- Produce weekly progress reports and present to client
- Plan the preparation of System Commissioning Plans to meet the project schedule
- Lead all commissioning activities and be responsible for all aspects of commissioning delivery, from inception through to hand over communication with the Project Manager (PM), engineering team, and interface with the client

- Establish close out documentation requirements. Ensure receipt of all close-out documents until completion

Necessary Requirements:

- 7+ Years' experience in a similar role (multi 100 million euro + project)
- Relevant Level 8 Degree or an electrical trade with relevant training and experience
- Relevant experience in Industrial, pharma, semiconductor and or data centre type projects but Semi-Conductor Plant experience would be a distinct advantage
- Commercial Awareness
- The ability to multi-task and manage many priorities
- Excellent communicator/strong interpersonal skills
- Excellent record keeping and administration skills
- Drives for results
- Leads and influences others
- Identifies and achieves commercial value
- Innovates and leads in mechanical/technical activity and challenges
- Plans and effectively manages projects
- Solves problems analytically and acts decisively
- Is process driven and focuses on EHS and Quality Work Management Systems and Processes
- Build and maintain strong relationship with Engineering Manager, discipline leads to ensure smooth running of day to day tasks

This is an excellent opportunity for a self-starter, highly motivated individual, within a dynamic and ambitious company. Contact Eavan McCallig at Oradeo Recruitment confidentially on +353 1 687 7188/+353 86 385 1651 or apply in confidence.
